

**General Description**

The e 945 is a fully professional super-cardioid vocal microphone which cuts through the mix and offers a smooth, natural sound. Its warm tonal response is matched with rugged construction and excellent feedback rejection.

**Technical Data**

|                                    |                       |
|------------------------------------|-----------------------|
| Pick-up pattern .....              | super-cardioid        |
| Frequency response .....           | 40 – 18,000 Hz        |
| Sensitivity                        |                       |
| (free field, no load, 1 kHz) ..... | 2.0 mV/Pa at 1 kHz =  |
|                                    | -54 dB (0 dB = 1V/Pa) |
| Nominal impedance .....            | 350 Ω                 |
| Min. terminating impedance .....   | 1 kΩ                  |
| Dimensions .....                   | 47 x 186 mm           |
| Weight .....                       | 330 g                 |

**Features**

- Rugged metal body
- Advanced shock-mount design
- Consistent on-/off-axis response
- Hum compensating coil
- Delivery includes a pouch and a microphone clamp

**Profile**

Super-cardioid professional vocal microphone, hum compensating coil, frequency response 40 – 18,000 Hz, sensitivity (free field, no load) 2.0 mV/Pa at 1 kHz = -54 dB (0 dB = 1V/Pa), nominal impedance 350 Ω, min. terminating impedance 1 kΩ, dimensions 47 x 186 mm, weight 330 g.
