WBP912IP Aluminium IP65 Battery LED Par 6in1 LEDs

The WBP912IP is an aluminium IP65 PAR with built-in battery specifically designed for outside usage. With 9 high power 6-in-1 LEDs giving 6 colours it is ideal to use on any inside or outside venue. This Par is specially designed to enrich the wash possibilities and to ensure a better convergence of light. Water resistant to IP65 specification with watertight internal gaskets and weatherproof power and data cable in/out connections. No fan - heat is dissipated via the aluminium housing. Includes O-LED display, wireless DMX and double yoke ensures the product can be mounted anywhere the user desires. Also comes with an Infrared remote control.
